ANGLO-AMERICAN FINANCIAL TALKS ARE NEARING END

(Continued from Page One)

Pan-American's cut in rates to \$275 on each trans-Atlantic crossing. The British, not in a position to compete with that rate at present, were accused in some quarters of seeking thus bluntly to hold down travel until they can enter the field.

It was noted that the reduction had not been extended to Pan-American's American competitor, American Airlines.

While this situation occupied wide attention, a final effort was being made in the financial talks to arrive at a formula which would be acceptable to congress, administration officials and the British themselves.

Probably Four Billion

The loan is expected to approximate four billion dollars, including lend-lease in the "pipeline" at the time of cancellation.

Chief differences of late have centered around a formula whereby payments may be waived in years when Britain suffers an unfavorable trade balance.

The chief connection between the aviation and loan problems was due to the possibility that congress might react unfavorably to the loan proposal if the airways matter is not cleared up.

There had been previously suggestions that Britain be obliged to make some concession in the matter of air bases and routes in connection with the loan.

Warning Discussed

According to Bicknell's affidavit, the warning that the Japs were destroying codes also was discussed by the Navy and the FBI at Hawaii.

Miles told the committee last week that he had no knowledge of the Army in Hawaii ever having been advised of this development by the Navy. That was true in 1941, Miles said, but not true today or last week. He then explained that he had seen a copy of Bicknell's affidavit last week before taking the witness stand. But apparently had overlooked this angle.

Miles also went on to correct what he said he feared was "an impression of complacency" with relation to the army's handling of intercepted and decoded secret Jap messages prior to the Pearl Harbor attack.

We are in no means complacent about it," Miles assured the committee. "The astonishing thing is that those messages were decoded in translation but that we were able to do it all. It was a marvelous piece of work by the highly technical men who handled it."

Injuries Prove Fatal To Mikytka

Mystery Still Surrounds Incident
Which Leads To Death Of
Rochester, N. Y., Man

Michael Joseph Mikytka, aged 36, of Rochester, N. Y., who was found in an unconscious condition lying along the side of the roadway between New Bedford and Frizzleburg, on Route 422, Saturday morning, died in the Jameson Memorial hospital, without regaining consciousness Saturday afternoon, shortly after 2 o'clock.

Nothing further has been developed by the State police or Coroner T. F. Nugent as to what caused Mr. Mikytka's injuries, but Coroner Nugent is of the opinion that he was struck by an auto which failed to stop after hitting the man.

State police found the name of Harry Bochnar as the person to notify in case of death in his pocketbook, and Mr. Bochnar was notified. He wired back, however, that he would be unable to pay for Mikytka's burial, and unless funds are found in a Rochester bank, where Mikytka is believed to have money on deposit, his body will likely be buried in the plot at the county home.

Testimony Ends In War Trial Of Gen. Yamashita

(Continued from Page One)

MANILA, Dec. 3.—(INS)—Testimony in the war crimes trial of Gen. Tomoyuki Yamashita closed today with the once dreaded "Tiger of Malaya" still insisting that he never ordered the execution of American prisoners of war and internees.

Final arguments will be heard Wednesday and the trial board announced it would probably be prepared to hand down its verdict Friday afternoon.

Prosecution and defense were asked to give a "factual, accurate, objective and dispassionate analysis" in the final arguments.

Dinner Tonight For 'Y' Winners

Between seventy-five and one hundred boys, all letter-winners at the YMCA camp on the Slippery Rock will be treated to a banquet tonight in the 'Y' dining hall, commencing at 5:45 p. m.

Mr. James Datt of the local branch stated today that it was the plan as in years past, to present the boys with sweaters and their "Y" letters, but the scarcity of money prohibits these awards for this year.

There will be group singing before and after the dinner, and the committee will serve. Following the respect the boys will attend the basketball games.

THREE ALARMS BUT
JUST ONE LITTLE FIRE

City firemen were called to three alarms over the week-end, but in only one instance was there any fire, and that by a small one. Fire Chief James F. Thomas reports:

Saturday evening at 6:23 o'clock, an alarm from Box 83 called firemen to the establishment of C. V. Sank, of 214 East Long avenue, where some cardboard boxes had caught fire in the cellar. It had been extinguished before firemen arrived.

At 8 p. m. Saturday, a false alarm was sounded from Box 44, and at 11:07 p. m. Sunday, firemen were called and informed there was a fire at 211 East Wallace avenue. None could be found, however.

This is the week in which American pocketbooks Pearl Harbor. Four years ago, came December 7, the Japs threw their Sunday punch at us at Pearl Harbor. One way of remembering that day in infamy is to purchase "E" bonds.

The record of Lawrence county, competitively, is good just now, but not good enough. If the county is to come through with a 100 percent total of "E" bond purchases there must be their increased buying.

that there were only one or two items on which "GM production is an essential part of the picture for other manufacturers."

In spite of Thomas' favorable reaction, the idea stirred up immediate rebellion, local 681 of the UAW in Flint, Mich. flatly rejecting any move to re-open an AC spark plug division there.

Archie Meyers, president of the local, telegraphed Thomas declaring his local would refuse to end "any part of the strike" until an overall settlement was reached on the UAW's demand for a 30 per cent pay boost.

The Flint local represents about 4,000 workers. The Flint industrial council, which claims to represent 40,000 of the GM strikers supported the local 681 in its stand.

Meyers asserted place's would be out on the line at the AC plant today as formerly and that any break in the strike, such as proposed, would weaken the union's position. He said the pickets would allow no one to enter the plant.

ponderantly in favor of strike action to support their demand for a \$2 a day wage increase.

Vote For Strike

The CIO packing house workers voted overwhelmingly last week in favor of a strike to enforce their demand for a 25 cents hourly pay increase, but the danger of an early "outlet" in the nation's meat packing houses was not regarded as serious as negotiations already were in progress with the "big four" Armour, Swift, Cudahy and Wilson.

Discussions of \$2.50 a day wage increases for 200,000 operating railroad men began in Chicago today between two labor leaders and a committee representing 130 railroads. Wage increases of 30 cents an hour for 1,000,000 non-operating railroad employees were sought from the carriers committee last week by negotiators from 15 non-operating railroads.

Members of the CIO United Retail, Wholesale and Department Store Employees Union returned to work today in Montgomery Ward & Co. plants in Chicago and other cities, ending a one-week "sit-down" strike against the company.

Union officials representing some 4,000 Greyhound bus line employees on strike were called for a conference on the weekend in Chicago today.

Cpl. M. A. Navarra Granted Discharge

Pacific Campaigns Veteran Of 40
Months Service Is Civilian
Again

Arriving home for the first time since his induction into service 40 months ago, Cpl. Michael A. Navarra, Pacific war theater veteran, received an honorable discharge on Tuesday at Camp Atterbury, Ind., and now has resumed civilian life.

Corporal Navarra, the 25-year-old son of Mr. and Mrs. Carmen Navarra of West State street, completed three years and four months service entering duty on July 10, 1942. He spent 34 months overseas, and in January 1943, he departed for overseas embarking from Ft. Ord, Calif., and up until that time he had not been granted a furlough home.

The young serviceman, attached to the Amphibious Force of the Sixth Army, with the Engineer Special Brigade, encountered plenty of action, and took part in two decisive battles of the Pacific: the New Guinea and Philippines campaigns, for which he earned two battle stars.

On September 1945 he embarked for Korea, where he also participated in the occupation of the island. Here the G.I.s discovered that the Japanese people were much more friendly, and do not have the fanatical ideas as the Japanese military do.

While overseas, Corporal Navarra was granted a 21-day furlough which he spent in Sydney, Australia.

In addition to his campaign stars, Corporal Navarra received the presidential citation, good conduct medal and the bronze star medal.

In regarding the bronze star medal, his Amphibious Force headquarters cited for gallant action: "for outstanding work in connection with military operations against the enemy near Lae, New Guinea, from September 13 to September 15, 1943, when Corporal Navarra operated his LCM (landing

craft mechanized) for 43 out of 56 hours carrying supplies to an Australian force on a beachhead across the Busu river."

Among the many souvenirs, Corporal Navarra has in his collection Japanese bills, pictures, a Japanese 8 mm. pistol and many kerchiefs in lovely colors, which were woven by Japanese women.

Upon his return to this country in the middle of November, he called home from Tacoma, Wash., and from there went to Camp Atterbury. En route home he stopped at Pittsburgh where he was met by his sister, Miss Rose Navarra, who is enrolled at Duquesne university taking a five-year nursing course. Prior to his induction, Corporal Navarra was employed at Standard Steel Springs.

His brother, C. F. Navarra, was discharged from the Ordnance division of the 29th Infantry recently, following four years and eight months service, of which 26 months were spent overseas. Upon Mike's return home, the two brothers met for the first time in three years.

Cousins Meet First Time In 55 Years

For 55 years Ira P. Huff, 201 North Mercer street, and Mr. Harry Schlegel of Painesville, O., have wended their way across the country and their paths have never crossed.

Sunday afternoon the two, who are cousins, met in the home of Mrs. Mattie N. Huff, 412 Epworth street, meeting for the first time since they moved away from Allentown, Pa., 55 years ago. The meeting, which was purely coincidental, turned into quite a family reunion at the home of Mr. Huff's mother.

Mr. Huff was visiting his mother when he walked Mr. and Mrs. Schlegel, who were passing through the city, thus bringing together a couple of cousins who hadn't met for more than half a century.

"He is the kind of man who sizes you up and wonders what he can get out of you," Mag. story. Probably a surgeon.

Crusade For Christ Will Be Presented

Methodist Churches Here Join
Other Churches Of Denomination In Crusade

Crusade for Christ is being presented in all Methodist churches throughout the United States yesterday or on Sunday, December 9, as a preliminary to the Year of Evangelism. The goals for the year are one million converts to Christ and the church, five hundred new churches in needy areas, an increased enrollment in the church schools and an average attendance of 75 per cent of the enrollment at church school sessions.

The first two phases of the Crusade for Christ, which is a program lasting through the Methodist Quadrcentennial of 1944 to 1948, have been carried out. The crusade for relief and rehabilitation, a call for financial aid, was oversubscribed by almost two million dollars. The fund, which was to have been twenty-five million, has been about three-quarters paid at the present time. The Crusade for a New World Order has been successful in helping to shape the San Francisco Conference and the United Nations Organization.

Launching this new phase of the Crusade for Christ is to be done during the next two weeks throughout the United States. Plans for a friendly visitation canvass of the community are being cared for by the Woman's Society of Christian Service. A united visitation evangelistic campaign will be carried out between March 3 and March 17. Training groups for church membership will be held March 17 and April 14 and it is planned that either Palm Sunday or Easter will be the day on which the new converts will be enrolled as members of the churches.

A Local Lady Spit Up Acid Liquids For Hours After Eating

She had stomach bloating, daily headaches and constant irregular bowel action. Today, this lady eats her meals and enjoys them. And she says the change is due to taking ERB-HELP. No gas, bloating or spitting up after eating. She is also free of headaches now, and bowels are regular, thanks to this remarkable New Compound.

Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ-laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

SMALLEST APPLE CROP IN 24 YEARS IN PENNSYLVANIA

HARRISBURG, Dec. 3.—Even though the commercial apple crop this year in Pennsylvania is the smallest in two years, production is sufficient to rank the Keystone State sixth among all the states, the Pennsylvania Department of Agriculture announces through a recent state-wide survey of fruit production by the Federal-State Crop Reporting Service.

Scarcity of apples in markets and stores of the state is explained in the fact that 1945 production is only 2,470,000 bushels compared with 9,100,000 last year and is estimated as 19 percent of a full crop. Wet weather caused fruit to drop until harvesting was completed, and some even began to rot on the trees, the department said. In most localities the percentage grading No. 1 in size was extremely small.

The only other year of record when fewer apples were produced in Pennsylvania was 1921 when the crop totaled only 1,860,000 bushels.

Pears failed to size as anticipated and the Keystone crop this year is only 120,000 bushels compared with 464,000 last year. The peach crop of 1,220,000 bushels compares with 1,886,000 last year and the 1934-43 average of 1,601,000 bushels. Pennsylvania grapes totaled only 6,000 tons compared with 19,500 tons in 1944 and the average of 17,500 tons.

National production of deciduous fruits this year is 13 percent below 1944 and three percent below average.

Former Westfield Pastor Describes Visit To China

LL. Com. Edwin Shoemaker, New Navy Chaplain, Writes From China

Lt. Commander Edwin A. Shoemaker, who was a former pastor of the Westfield Presbyterian church, near Mt. Jackson, now serving as a Chaplain in the United States Navy, in China, at present, has written to his father, Rev. F. Benjamin Shoemaker, living in Falls Creek, Pennsylvania, giving him an insight of a recent trip he took in China. Lt. Shoemaker's father, who is also a former pastor of the Plain Grove church, has, in turn, relayed the letter to The News.

In his letter, Lt. Commander Shoemaker, graphically describes some of his experiences in China telling of conditions that exist today in that oriental country.

Leaving his transport ship, the USS Clay, of which he is Chaplain, Lt. Commander Shoemaker, stated that he first arrived in China one foggy cold morning around 6 o'clock and the first person he met was a P. P. K. as he put it. Presbyterian preachers kid from Wooster, Ohio. They immediately discussed things of common interest such as the Wooster college.

Beautiful Sight

While we were having our morning conversation," continued the former Westfield pastor, "the fog slipped away, and it was a beautiful sight, one that I shall never forget. As we came toward Taku, the area became choked with Chinese junk. You will never understand what they mean by Chinese junk, until you see one. They are tiny wooden ships with large ribbed sails. A family calls it "home" and there they live and die in filth and poverty. It would make your heart bleed in sympathy. All of them waved their hands and shouted strange sounding Chinese words.

The Navy Chaplain went on to say that the low mud houses, filth, poverty and other conditions in the interior of China were appalling.

The lean, razor back boys, with their long hair, reminded him of the shortage of good paint brushes at home. Chinese pigs long hair being the source of the paint brush bristles.

Continuing on into the country, a description of a rickshaw ride is given with the sights gleaned as Lt. Commander Shoemaker rode along the countryside.

Chang's Troops Arrive

Returning to Taku, following his trip, the Navy Chaplain witnessed the arrival of the first contingent of Chang's troops in that city. He described them as well equipped, dressed in light green uniforms, clean and in excellent condition. Their shoes were good and they carried Springfield rifles, Thompson automatics, hand grenades and machine guns.

A train ride from Taku to Tientsin was more of an endurance rather than a pleasure. The cars were filthy with mud, floors, dirty sides and not even a bench along the sides. A capacity load in China, meant that people were riding or sitting wherever they could hang on, including the locomotive and on top of the coaches.

In Tientsin, Lt. Commander Shoemaker purchased a beautiful Chinese rug, for by eight for \$20 American or \$50 dollars in Chinese money. He described himself leaving the store in an amusing fashion. "Now get the picture," he went on. "Here I got out of the store, carrying a rug on my shoulder, a chart map of grape juice under my other arm. I brought the grape juice from the spin as the water is not good to drink. Somehow, I got the rug and myself in a rickshaw cart and started to hunt a hotel. Not daring to leave the rug in the cart, I marched into the hotel, rug on shoulder, much to the amusement of the bystanders."

The letter closed with an expression of greeting to all of the former Westfield man's parishioners in this area.

Outdoor Session For Scout Leaders

Having completed their indoor sessions, the Boy Scout troop leaders will journey to their council camp at McConnell's cabin, Sunday afternoon, December 9, and hold their outdoor training program.

The proposed subjects to be gone over include map-making, fire-building, shelter construction, and tree identification by bark.

The leaders plan a critique and campfire session in the evening.

AROUND CITY HALL

Parking receipts for 1945 may not surpass 1944 figures according to City Controller William A. Moore and it receipts are to equal the 1944 total there must be an increase during December over the same month of last year. He ascribed the loss to the severe weather of the first four months of the year. The figures as of November 1, 1945 are as follows: \$17,152.00 vs. \$17,346.45. He said that the first four months of this year showed a decrease of \$1,748.95 and the pick-up or gain against 1944 figures was made beginning in May. The total receipts for 1944, was \$22,715.70. Moore stated. The money raised through auto parkers is turned into general revenue or the general fund, out of which money is appropriated for the operation of the city.

James Gibson, director of streets, is ready for King Winter. There are huge piles of ashes in Neal and Cedar streets. The ashes in Neal street are hauled to the upper portion of the city and those from Cedar street are transported to sections south of East Washington street. The city also has a snow-plow acquired some time ago. It is acknowledged that despite the rugged late months of 1944 and early months of 1945 that the street workers here did a remarkable job. However, it is the hope of Director Gibson that a mild, instead of a severe winter, occurs.

DR. MANCHESTER DIES
FRANKLIN, Pa., Dec. 3.—(INS)—Dr. Charles Manchester, former president of Findlay College, Findlay, O., and former professor at Purdue University, died Saturday in Franklin hospital. He was 86 years old.

Dr. Manchester, who taught in numerous Ohio and midwestern schools, was a resident of Franklin for the past 12 years.

Sentiment, Originality Mix In Season's Cards

Christmas cards are going gay again, with happiness and a sincere feeling of good-will replacing the spirit of "we-must-keep-up-for-the-sake-of-the-kids" which prevailed during the war years.

Somewhat, the designers have managed to mix old-fashioned sentiment with originality. They have made much progress in turning out cards which have a fresh way of restating old thoughts or of presenting old pictures. The cards especially the better cards, have an economy of wording and an uncluttered look about the pictures.

For example, three large candles are silhouetted effectively against a pastel background, or a bright red card is edged with a peasant-design border, or a branch of brown oak leaves is the only design on the front of the card.

More and more popular are the cut-out animal cards that started as children's greetings and are now meant for adults too. Of course,

the scenic card is back again, but even most of these cards have more originality in the snow or seascapes. Madonna and child cards are the most popular of the religious cards, although one card which pictures a small boy praying is selling very well.

But among the newest of the new designs is a nostalgia that shows up in pictures of loopy-skirted ladies, front door wreaths, and family hearths. These "family" cards show that families are either reunited or are expecting reunion soon with "thinking of you till you get back" as the theme of more than a few.

With gaily upmost, the cards with red, white, and blue victory and militaristic themes are about as scarce as blue tokens—and just about as outdated.

Since fiber door mats are hard to replace, keep the old ones in good repair by cutting off frayed edges, rebinding or over-casting worn places.

See Hope For Early End To Rationing Of Automobile Tires

Must Keep Draft To Build Up Army, Secretary Urges

WASHINGTON, Dec. 3.—If we are to fulfill our goal of more than seven million discharges in the period between V-E Day and June 1, 1946, Secretary of War Robert Patterson said today.

Secretary Patterson said that the voluntary enlistments are not enough to keep the army up to the minimum needed strength while combat veterans are being released.

"The draft must continue," he added, "otherwise men who have already risked their lives in combat will have to remain in the service while those who have not served at all are exempted from military duty."

HOT SCHOOL LUNCHES SHOW GOOD RESULTS

Since the noon lunch should provide at least one-third of the child's daily food needs, serving one hot dish helps to meet this requirement. When each child has a well balanced lunch, teachers report better attendance and better work problems and fewer disciplinary problems.

In some schools mothers and other interested women take turns sending one hot dish to serve everyone. One week in advance the names of hot dishes to be served for that week are sent to the parents so they know what foods are needed for the carried lunch to make an adequate meal for the child.

Another way to provide a hot food for the noon meal is to have a lunch box with a thermos bottle in which to put cocoa, cream soup or vegetable soup. To serve with this there can be meat, fish, chicken, cheese or egg sandwiches on whole wheat or enriched bread; a raw vegetable such as carrot or celery; oatmeal or molasses cookie or gingerbread for something sweet; and a raw fruit like an apple or an orange. If the food in the thermos bottle is not made with milk, a cheese sandwich and milk pudding or custard may be included in the lunch.

Instead of using a thermos bottle, children may bring soups, creamed foods, stews or macaroni, and cheese in pint jars and heat the food at school. At recess time the jars are put in a boiler or large kettle of water and heated on a gas electric or kerosene stove. The water may be heated on top of a jacketed stove if no other heating appliance is available. By noon the food is hot and each child has something to eat with the sandwiches in his lunch box.

Additional ideas in lunch packing may be obtained from the Agricultural Extension Office, No. 296 Post Office Building, New Castle, by asking for bulletin 241.

Warning Against Premature Outlawry Of New A-Bomb

WASHINGTON, Dec. 3.—(INS)—Dr. Vannevar Bush warned today against what he termed "premature outlawry" of the atomic bomb as a war weapon.

At the same time, he declared that radioactive materials could become a vast public hazard in the hands of unskilled experimenters, and asked rigid domestic controls.

Bush also made the flat prediction that nuclear energy will become available for industrial power "in due course—and not necessarily a long course."

The director of the Office of Scientific Research and Development, connected with the atom-splitting project since 1940, told the McMahon Senate Atomic committee that "overeagerness" for world control is "a great hazard" to America.

He said there will be a "lengthy period" before a workable international control system can be devised.

"Premature outlawry could well be disastrous, for it is impossible to outlaw when there is no effective supported law," Dr. Bush declared.

Five-Point Program To Aid Veterans Is Urged In State

HARRISBURG, Dec. 3.—(INS)—A five-point program designed to aid veterans of World War II was advanced by the state executive committee of Amvets with a request that Gov. Edward Martin convene a special session of the General Assembly to consider the proposals.

The organization, the American Veterans of World War II, recommended a program embracing a state discharge bonus, housing, employment, rehabilitation and education.

"The end of the war and the large scale demobilization of the armed forces has made the problem of veteran rehabilitation a critical one," the committee stated.

The organization said an estimated 100,000 veterans were faced with a housing shortage and urged liberalization of statutes to facilitate loans to veterans under the

Cochrane Joining Yankees Chain As Director Of Farms

Joe McCarthy Will Stay As Manager, But Cochrane May Take Over At Future Date

NEW YORK, Dec. 3.—(INS)—Mickey Cochrane will not manage the New York Yankees next year but may join the Yankees in some capacity and eventually might succeed Joe McCarthy as pilot of the club.

That appeared today to be the status of the former Detroit manager and ace catcher, who as a naval officer has been managing the baseball team at Great Lakes.

Larry MacPhail, head man of the Yankees, denied that Cochrane would manage the club next year. However, he made no reference to Cochrane joining the organization in another capacity. Reports are current that Cochrane is weighing an offer to take some kind of an "inside" position with the New York club, possibly as the director of its farm system.

Redskins Tie For Pro Football Lead

Washington Defeats Pittsburgh As Giants Thrill Eagles

28 To 21

(By International News Service)
Washington's Redskins perched atop the eastern division heap of the National Professional Football League today, thanks to the Giants, but reserved nothing better than their best luck for the New Yorks next Sunday.

The pungent Giants whipped the Philadelphia Eagles, 28 to 21, Sunday at New York while the Redskins were disposing of cellar-dwelling Pittsburgh, 24 to 0.

Other games Sunday found Cleveland downing Boston, 20 to 7; the Detroit Lions defeating Green Bay, 14 to 3; and the Chicago Bears edging their cross-town rivals, Chicago Cardinals, 23 to 20.

The full schedule Sunday ended the season for six teams leaving as the curtain falls. Boston at Philadelphia, and New York at Washington next Sunday.

Army Mythical Grid Champions

Army's Upset Of Navy Saturday 32 To 13 Gives Them National Title

FIVE WILL LEAVE BY GRADUATION

By LAWTON CARVER
(International News Service Editor)

NEW YORK, Dec. 3.—The fate of Army's football opponents next season seems to be sealed by the roster of returning Cadets.

The Army squad of regulars will virtually be the same as the one which on Saturday beat Navy by 32 to 13 to complete a second straight undefeated season. They will be on to make it three in a row in 1946, with Doc Blanchard still plowing through the middle and over the tackles and Glenn Davis skirting the flanks. A few players will be lost—namely Guard John Green, Tackle Al Nemeth, End Dick Pitzer and Backs Dick Waltherhouse and Bob Chabot—but that won't bring much solace to opponents.

Greatest At Point
It will be almost the same squad as this one of 1945, which has Coach Earl Redd. Black finally to break down and admit is "the greatest team West Point ever had."

The 1946 machine will be speeded along from much the same speed and notes as the eleven which on Saturday won the mythical national championship against Navy and gave 192,000 spectators, including President Harry S. Truman, an abundance of the thrills denied during the war while the service classic was conducted in comparative seclusion.

Grid Season Is Officially Over

Only Playing Of Bowl Games Left On 1945 Card, Army Champs, Notre Dame Stunned

By LES CONKLIN
(International News Service Writer)

NEW YORK, Dec. 3.—Football experts today freely predicted a third successive national intercollegiate football championship for Army's great eleven next year as a result of the Cadets' 32 to 13 victory over Navy. It was the 18th consecutive triumph for Army, and most of the West Point stars will be back next year.

Navy, however, qualified as the No. 2 eleven nationally by holding the Cadets to their smallest margin of victory this season. Army was a 26-point favorite over the sailors, yet Navy actually made more first downs than their rivals and held them scoreless in two periods.

Pats today looked forward to the bowl games on New Year's Day. In the major contests, Southern California will face Alabama in the Rose Bowl, Oklahoma A & M tackles St. Mary's in the Sugar Bowl, Texas takes on Missouri in the Cotton Bowl and Holy Cross will face Miami, Georgia or LSU (to be named) in the Orange Bowl.

Southern Cal In Bowl
Southern California qualified for the Pasadena spot with an impressive 25 to 15 decision over U. C. L. A. and Alabama showed it is at its peak by drubbing a good Mississippi State outfit 55 to 13. The Crimson Tide ranks close behind Navy.

Dispersed surprise on Saturday was Great Lakes' 39 to 7 lanche over Notre Dame, hitherto ranked well up among the leaders. Minor upsets were Baylor's 17 to 14 win over Rice, Wake Forest's 13 to 6 triumph over Clemson, Maryland's 19 to 13 decision over South Carolina, and Oregon State's 13 to 12 squeak over Oregon.

Protest Increase In Bowling Cost
DETROIT, Dec. 3.—(INS)—Many bowling alleys today were threatened with a bowling stoppage as 60,000 league members demanded action on price increases.

The Detroit Bowling Association sent letters to proprietors and included its protest resolution adopted at yesterday's meeting.

The resolution demands that present prices, those stipulated in the league contract, be charged, or league members will abstain from bowling.

Open bowling went to 32 cents a line as of last Saturday following the lifting of OPA regulations a week ago. League fees were boosted from 27 cents to 30 cents with a one cent line rebate at all times.

Moran To Fight Hillson Tuesday

Benny Newkirk Scheduled To Box Eddie Giles, First Ring Promotion Here In Years

Having served Uncle Sam to the best of their ability, Frankie Moran and Benny Newkirk, ex-soldier and ex-sailor, are ready for their fights against Tommy Hillson of Youngstown and Eddie Giles of McKeesport, respectively, in the Arena at 8:30 p. m. Tuesday. There will be six other amateur bouts.

Moran and Hillson are doctored for the final effort. Alex Kunkel of McKeesport and Buddy Wheeler of Youngstown 170 are scheduled for the semi-final. Newkirk and Giles are scheduled to be the main pair to enter the ring.

Moran and Newkirk both owned a knockout punch before they went to uniform. If the old ring setting holds true that a fighter can lose everything but his punch, then Hillson and Giles are in for a rough evening. Evenings because each scored pre-war knockouts here.

The boxers to provide the thrills for those who like amateur battles will arrive Tuesday evening, around 7 p. m. In the Arena and will be examined by a State Athletic commission physician. The A. A. U. and P. A. C. will handle the bouts.

For the first show, Sam Haywood, sometimes referred to as the "Mayor of Syron Heights" and Charlie Chicago, the mayor of Public Square will be judges. The referee has not yet been chosen.

Because of a being the first title promotion after a year's lull, plus the yearning by those who like to see fellows sock other fellows without the sight-seeing being hit, a big crowd is anticipated. The doors will open at 7:30 p. m.

The five other bouts on the card follow:

George Gash of Youngstown vs. Eddie Giles of McKeesport, 126.

George Robinson of McKeesport vs. George Larriba, Youngstown, 120.

Eddie Butt McKeesport vs. Kid McCullough Struthers, 130.

Al Demco, Struthers vs. Kira Boney McKeesport, 112.

Bobby Collier, Struthers vs. Eddie Williams Youngstown, 118.

HERE AND THERE IN SPORTS' LAND

SOME years ago when Police Lieutenant Tommy Jones was a lightweight boxer and Patsy Brannigan fought as a bantamweight, the former drew the ire of the late Jimmy Dime the night before a 500-mile auto race was to be held at the Indianapolis speedway and Brannigan drew a compliment although the situation should have been reversed. It was the practice of boxing promoters to stage a fight carnival to reap in some money from auto thrill seekers, hence Tommy was matched to box Jerry Murphy and Brannigan was billed to fight Patsy McMahon. As usual, after lighters weigh in on an afternoon before a fight they run for milk shakes to give 'em weight and strength. Tommy and Patsy were no exception to the custom. After darning street attire they wandered into a barroom Brannigan consumed two milk shakes and was drinking his third to Tommy's one when Brannigan noticed Dime strolling in. Being alert, he shoved two of his milk shake glasses in front of Tommy who actually was finishing only his first. Like a kitten that has loved his face clean to fade, Brannigan gave the manager a "Hello Jimmy." Dime saw the two empty glasses and the partly consumed third glass before Jones and only one in front of Patsy, whereupon Jimmy never known for modesty, in addressing one of his proteges exclaimed: "Why don't you use your head like Patsy? Don't you know better than to drink three milk shakes before you go into a ring. You'll be 'lucky'" to which he happened a few other "choice" remarks and walked out while Brannigan smiled complacently. Incidentally that was the same afternoon on which Battling Terry boxed and lost to Mildred Saylor. Terry went swimming after the weighing-in and he was weak when he entered the ring and Saylor knocked him out at that time. Terry was managed by Professor Evans of Beaver Valley.

Black eyes will be the badge of courage among amateur fisticuffs Wednesday because of the battles which they are scheduled to appear in Tuesday night in the Arena. Arch Ward of the Chicago Wake explains that hockey fans sometimes tune in on Montreal hockey contests broadcast in French. They have inquired he reports, why they never see "that player Ronda" who seems to be the best active member of the Montreal team. He explains that "Ronda" is French for puck. Major Bob Moore is probably on the way home from Europe. Under stand quite a party is being arranged for the boys who formerly "hung out" in front of the Penna theater and Penn near once who went into service. It will not be held until all the boys are home.

Westminster Opens Defense Of District Title At Home With Improved Indians

(Special To The News)
NEW WILMINGTON, Dec. 3.—Westminster College will open its defense of the district crown Wednesday when it plays host to Juniata College in the Titan game.

The new edition of Tawerning Titans has prepared for the opening of collegiate rivalry by splitting a pair of games with Akron Goodyear. The Titans will lack the height of last seasons but promise to make up for their loss in speed and aggressiveness.

Juniata Improved
Bolstered by the return of several players the Indians are considered a much improved side team over last season when they were beaten badly by the Greenwaves.

Mickey Leeper and Gene Brannigan, appointed captain, are the outstanding ex-stiffs who were badly hurt before they entered the service. They have been in training and received valuable experience playing on service teams.

Three returning lettermen will head out the first corner. They include Earl Kaylor, Harry King and Danny Redburn.
